New Court Technical Information

6 courts will be built by [Koch's Courts](#).

Design features include:

Post-tension concrete for extended life.

All courts full regulation size.

3 courts with broomed concrete for winter play.

3 courts with acrylic surface.

A concrete area between sets of courts for waiting players and gear.

8” perimeter fencing with wind-mitigating slats on the north, south and west sides.

Ample gravel parking lot and gravel access road.

Proposal deposit due June 17, 2025 for fall build

Court Location Information

The court building location is a part of Lot 10 in the Ennis Hot Springs Commercial Subdivision located at the intersection of US Hwy 287 and Hot Springs Road.

The current agreement is for a 15 year lease with an option for the Ennis Pickleball Club to buy the property. No price has been determined for that purchase at this time. A lease extension is also a possibility.
